

# Market Analysis between NY and Beijing

---

Business Analyst | Pei-Chih Chao

# What make the markets different?

01

## Pricing

Hotels are really expensive in North America; however, there are many business hotels provide rooms at low prices.

02

## Quality

When we talk about the quality of buildings, those in North America are much higher than in China.

03

## Size

Houses in North America are bigger than in China. Bigger size provides a better housing experience.
